WHERE THE ACTION IS

Dedication

As you walk down the main corridor of Nelson County High School, you may be fortunate enough to overhear the explanation of some new theory of math. If you stop to listen, you will recognize the teacher.

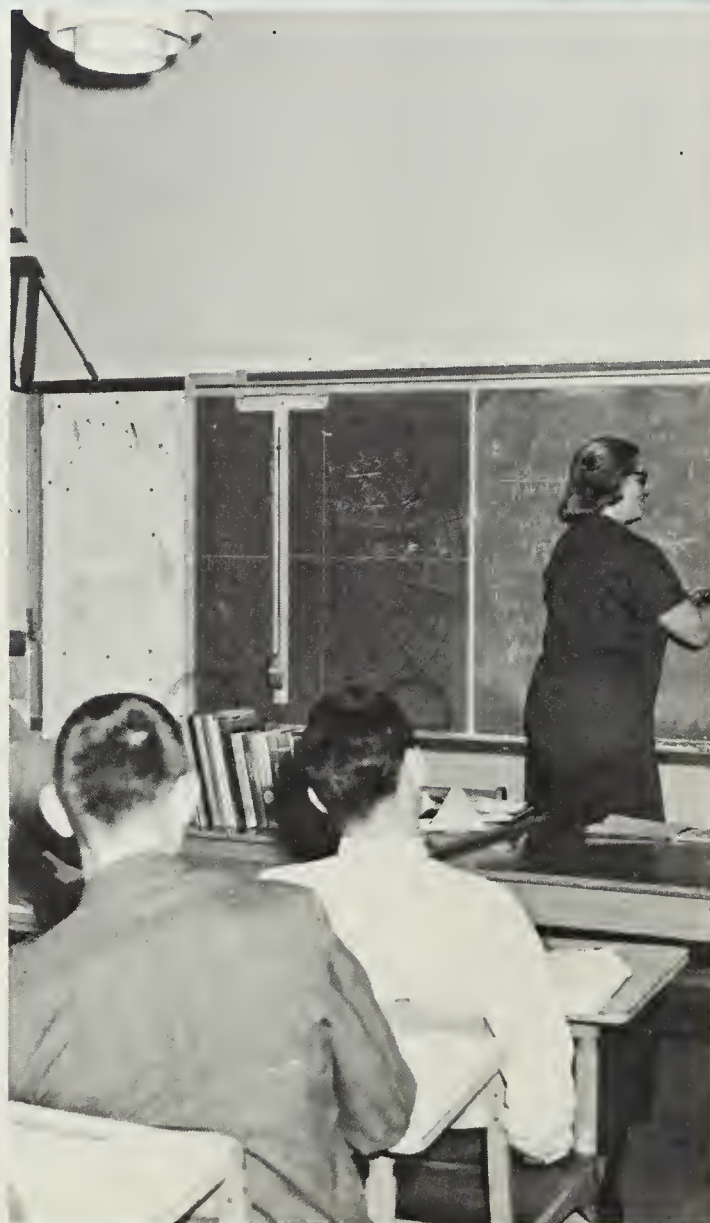

No where in her contract does it state that she must be a friend to all her students. Yet the majority of those students that she teaches considers her a close confidante of all their problems, whether they be mathematical or not. Nor is she obligated to take part in any extra-curricular activities. But she is always right behind us in anything we do, urging us on to excellence.

Although we have no way to repay all the thousands of "little things" that you've done for us, we want you to know how very deeply we appreciate your advice, support, instruction, friendship, and that ever-sympathetic ear to all our problems. It is in deepest gratitude that we dedicate this, the 1967 GOVERNOR, to you, Mrs. Regina Withers.

Math concepts seem more understandable now . . .

Despite her attack of laryngitis, Mrs. Withers continued the instruction of math concepts.

Raiding Mrs. Withers' candy dish is the favorite pastime of her seniors.

FOREWORD

The Students of Nelson County High School are in reality "normal" teenagers. They may be classified as members of the "Beat Generation," Each is a unique combination of his own particular ability, curiosity, and motivation. These go to make each student strive for his goals, to determine his own place in life. Despite their outward appearance to be moving in separate directions, they have one thing in common - a search for action.

Project Opportunity

A relatively new but important part of the action around N.C.H.S. is Project Opportunity. Under the guidance of Mr. Ingersoll, students are participating in this rewarding and interesting program. Many of us fail to realize that these students gave up their summers to attend classes and engage in many other activities which are beneficial to their education. Nelson is fortunate in being selected as a site for Project Opportunity and even more fortunate to have gained the talents of such a dedicated man as Mr. Ingersoll.

Mike Kidd discusses problems with project director.

Onward and upward . . .

An annual represents something for everyone but for the Seniors, it represents something very special. With the 1967 edition of the Governor we see the climax of all fears, hopes, aspirations and joys--the things which have made our high school years memorable ones.

We will soon forget the many trifles and impediments we have faced through the years and left will be the memories of classes, friends, ballgames, concerts, and dances. Even though our interests and activities have been diverse, we share one common bond--we are the graduating class of 1967. Regardless of what the future may hold; we are certain of one thing--we know where the action is.

The purpose of the National Honor Society is to benefit and serve teachers, school, students and the community. The only money-making project is for the annual scholarship given to a deserving senior.

The scholarship was raised this year from \$50 to \$100. The club sponsored a film, "Rebecca", in order to make this money.

Frances Tucker teaches special class students elementary Spanish.

Happiness is meeting the deadline.

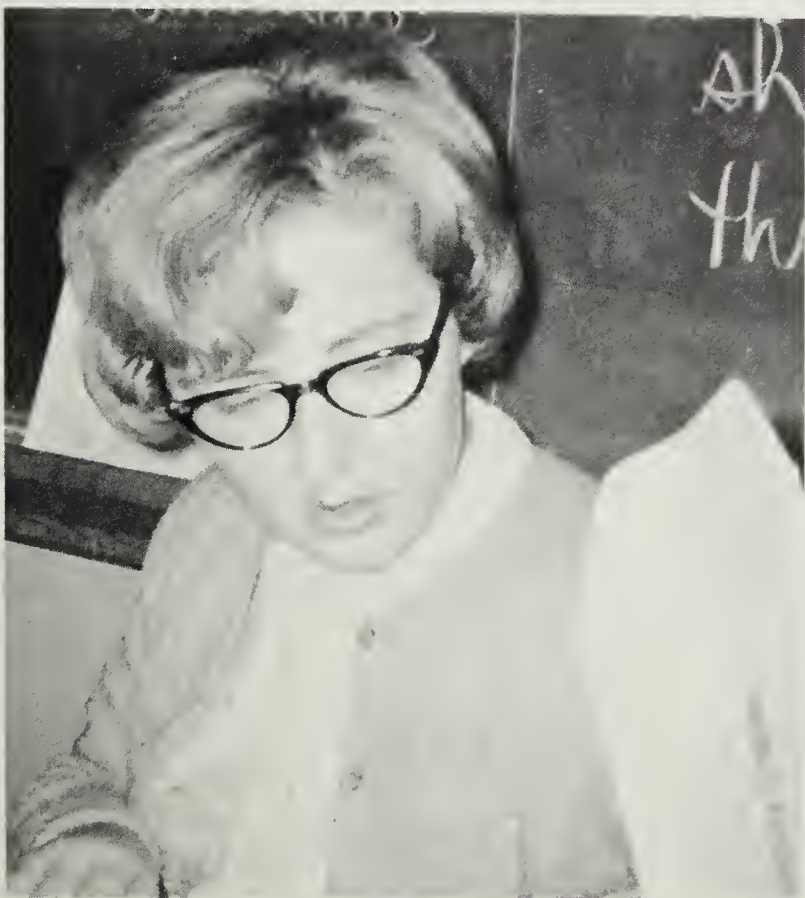

"Where the action is . . .", the theme of the 1967 GOVERNOR states the impression each of us has now after a year of working on a yearbook. Despite all the time, energy, and "brain-power" necessary in the production of an annual, we really had a great time. Those "ad-collecting day blues" seemed to disappear once we started soliciting ads. The time consuming job of identifying pictures and laying out the yearbook became a really "fun" job after most of it was done. The copy-writing posed a real problem but we managed to get it all done.

We, the staff of the 1967 GOVERNOR, hope that every student finds "where the action is . . ."

SEATED: Danny Mohler, Sandra Mawyer. STANDING: Bill Clarkson, Larry Spencer, Becky Thompson, Tamara Goolsby, Penny Browning, Ava Raines, Rita Johnson, and Doris Johnson.

S.C.A.

The Student Cooperative Association is made up of the entire student body of our school. A representative and an alternate are elected from each homeroom at the beginning of the school year to serve on the Student Council along with the S. C. A. Officers and the five class presidents.

During the 1966-67 school year, the S.C.A. proved to be a very active organization. They sponsored several dances, had an assembly program, raised money by selling toothbrushes and school-pennants, and presented a movie to the student body in the spring. The S.C.A. also sponsored the Toys for Tots drive at Christmas.

Betty Sue presides over the S.C.A. meeting.

THE MONOGRAM CLUB

THE CAMERA CLUB

The primary aim of the F.F.A. is the development of leadership, cooperation and citizenship. The F.F.A. is integrated with the vocational agriculture programs. Competition is provided between the various chapters of the state by means of contest in Mechanics, Forestry, Livestock and Crops.

SPECIAL RECOGNITION

Betty Sue Hodock, senior forward for the Nelson Governettes, is the first Nelson County High School girl to score over 1000 points in a high school basketball career. Betty Sue lettered in all of the 4 years she has played basketball; she was co-captain, three. This year her point average was 24.2 and her over-all average is 20-plus in every year.

Charles Crickenberger is credited with saving the life of Kent A. King on August 20, 1966, when he pulled King from the cab of his flaming truck. Crick received second and third degree burns over 40% of his body. We all want to commend Crick for his bravery and selflessness just as Senator Davis is doing here in presenting Charles with the plaque for heroism from Virginia Trucker's Association.

MUSIC AWARDS

OUR CUSTODIANS

Chewing gum makes cleaning a real problem —
just ask Charlie!!!

Busy students trampling the floors, dropping papers, and fingerprinting walls and windows, create a tremendous clean-up job each year. Our custodians manage to repair the superficial damage made each day by the students.

Although many students take for granted the cleanliness of the school, we wish to say thanks for the good job!

What's this — dancing in the halls???

JUNIOR CLASS

Lorice Spencer, reporter; Rita Johnson, treasurer; Ronald Saunders, president; Peggy Campbell, vice president; Charlotte Evans, secretary.

J. T. Tinnell, Lou Bryant, and Wayne Hash admire one of the gifts received by the three top subscription salesmen.

The Junior class began early in the year making plans for the Prom. Soliciting subscriptions for the Nelson County Times, sponsoring a dance, a hootenanny, and bake sales constituted their "capital gaining" schemes.

These students look forward to their senior year with mixed joys and anxieties. They already realize that their school career is reaching a climax --and they begin to plan their futures.

Will somebody please help Sandra???

The Freshman Class of '67 has "survived" their second year at Nelson County High School. They have now arrived at the level of "society" that enables them to have a name--freshman. Within the ranks of the class are the majority of junior varsity cheerleaders, several members of the band, and many who participate in the various areas of sports.

These freshmen are eagerly awaiting their action filled sophomore year--and to think they have only three more years to go. . .

EIGHTH GRADERS

Eighth grade class officers: President, Monica Goad; Vice President, Mike Davidson; Secretary, Theresa Wood; Reporter, Gordon Purvis.

Eighth graders enter high school each with their own particular idea of just how this new life will be. By the end of the first grading period they realize it's time to re-evaluate these ideas and form new opinions. They start early developing abilities and talents that will later enable them to become the leaders of NCHS.

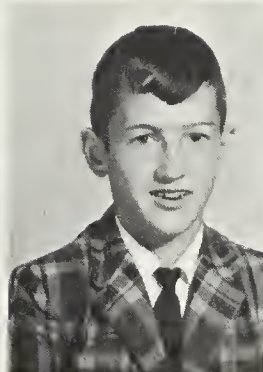

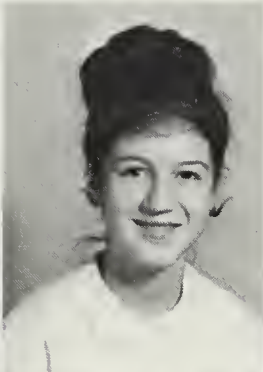

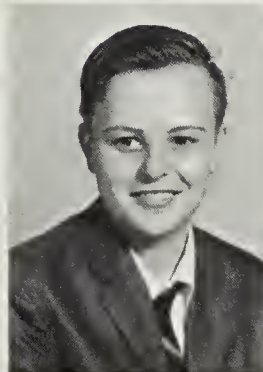

Eighth graders arrive at school eager to begin the year.
